

Dear Sir/Madam,

Recently the Glen Eira council tried to implement a change to the pick up of bins. Needless to say it was a disaster. Information that was meant to be sent out, wasn't, misinformation about bin collection caused bins to be not collected. This is only one reason why they do not deserve a pay rise. Other reasons are as follows,

1. Covid. So many have lost jobs are suffering and yet our self serving entitled councillors are asking for money during a time of Pandemic?
2. Where will this pay rise come from? They have already raised our rates beyond what the banks have evaluated our property at.
3. The local pool has sat there empty for 2 years now with a massive leak. They have done nothing about it.

Its time to pay these people based on productivity.

I implore you, DO NOT GIVE THEM A PAY RISE.

Regards
